

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

EUROMIL NV/SA

Senior Consultancy company, providing expert assistance for Business Development within EUROPE & Middle Eastern countries

BELGIUM

PRECIMETAL

Foundry

BELGIUM

AMBASSADE DU CANADA / CANADIAN EMBASSY

Canadian embassy

CANADA

AMBASSADE DE LA RÉPUBLIQUE TCHÈQUE

Czech Republic Embassy

CZECH REPUBLIC

A PLUS SYSTEME AUTOMATION

A PLUS is a manufacturer of industrial computers

FRANCE

ACE AERONAUTIQUE

Machining / Assemblies / Surface treatment / Sheet metal work / In situ works / 3D Control / Boiling

FRANCE

AD INDUSTRIE

Mechanical Engineering for Aeronautics, Defence and Energy industries

FRANCE

ADEL GROUP - ADENEO

Design, manufacturing and industrialisation of electronic systems and software: calculators, energy conversion, test facilities and test benches. 2nd tier equipment manufacturer.

FRANCE

FLANDERS INVESTMENT & TRADE

Assistance to foreign companies willing to expand their business in Flanders.

BELGIUM

SABCA

Aeronautical constructions, structures, servo-controls. Maintenance and upgrading of military aircraft.

BELGIUM

BOMBARDIER AEROSPACE

Business Jet and Regional Aircrafts Manufacturer

CANADA

4 DESIGN

Support of pmi in conception of industrial product

FRANCE

ACB

Design, manufacturing and bringing into service of metal forming presses (elastoforming processes, drawing, superplastic forming and hot forming)

FRANCE

ACTEL EUROPE

Leading world supplier for FGPA programmable logic of 64 macrocells up to 1,000,000 gateways for OTP and FLASH technologies. Actel manufactures semi-conductors and offers two technologies in the programmable logic field.

- Antifuse: OTP solution OTP, single component offering:

- Highest speed;

- Lowest consumption;

- Greatest reliability;

- Highest security against copying.

- Flash: reprogrammable solution with a single component offering:

- The greatest simplicity when it comes to implementing medium to significant capacities;

- Considerable flexibility;

- Low consumption

FRANCE

ADERA-TOMOMAT

Non-destructive, three dimensional characterisation of materials using the synchrotron microtomography and numerical and mathematical modelling

FRANCE

ADVANCED BUSINESS EVENTS SAS

Leading organizer of Business Conventions Industries

FRANCE

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

AERAZUR ZODIAC AEROSAFETY

Aircraft manufacturer
FRANCE

AERO EXPERTS

Structural analysis and certification - Engineering
FRANCE

AEROPROTEC

Surface treatment
FRANCE

AIA - ATELIERS INDUSTRIELS AERONAUTIQUES -

Maintenance of military aeroengines
FRANCE

AIR LIQUIDE - ADVANCED TECHNOLOGY DIVISION (SASSENAGE)

Air Liquide is the world leader in gases for industry, health and the environment. The Group offers innovative solutions based on constantly enhanced technologies and produces air gases (oxygen, nitrogen, argon, rare gases...) and many other gases including hydrogen.
FRANCE

AIRBUS TRANSPORT INTERNATIONAL

Freight aircraft manufacturer
FRANCE

ALLIANCE AERONAUTIQUE

Alliance Aéronautique, a company created on 29 July 2005, provides solutions in the field of Aeronautics in terms of manufacturing capacity, machine tooling of aluminium and steel, programming, assembly and scheduling control.
FRANCE

ALTEP INGENIERIE BORDEAUX

Products and systems engineering – Logistic support and data engineering – Project and process engineering – Technical and methodological expert appraisal
FRANCE

AMD INDUSTRIES

Fastener for the aerospace, aerospace and armaments.
FRANCE

AERIADES

All activities for promotion, representation and consolidation of the aeronautical activity in Lorraine
FRANCE

AEROCONSEIL

Engineering and air transport services
FRANCE

AGENIUM INFORMATIQUE ET SYSTÈME

Simulation and Visualization products
FRANCE

AIR & COSMOS

Aerospace trade magazine
FRANCE

AIRBUS FRANCE

Aircrafts manufacturer
FRANCE

AJILON ENGINEERING

Engineering - IT consulting
FRANCE

ALPHANOV

Optical and Laser technological center
FRANCE

AMB

Precision mechanics
FRANCE

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

AMPHENOL SOCAPEX

From Airframe to Cable Harnessing, Cabin Service Systems, In Flight Entertainment or Fuel tanks, Power Generation, Engines and Landing gears, to Avionics, and Flight controls boxes... Amphenol solutions to fix, maintain and Interconnect systems together are used to produce Very light Jets, Business or Regional Jets as well as large Commercial Aircraft. Each one of these products is qualified to international standard as well as per specifications issued by major customers in the field of Commercial Aviation. Amphenol being a global company, our organization is geared up to support offset or localization programs, providing the same service and product quality worldwide

FRANCE

AQUITAINE INTER GROUP

Design, Manufacture and maintain test benches and electric and optical test means.

FRANCE

ARMÉE DE L'AIR / SIAÉ / AIA DE BORDEAUX

Aeronautical Industrial factory of Bordeaux

FRANCE

ASSYSTEM FRANCE

Engineering of aeronautical products/processes. Design and production of aeronautical equipment and tools.

FRANCE

AVIA PEINTURES

Surface preparation and treatment

FRANCE

BAUMIER

Manufacturing of welded parts and structures, aluminium, aluminium work, sheet metalwork
Precision mechanical welding.
Sub-assemblies for Defence, Aerospace, Industry and Technological Industries
Co-design and manufacturing of sub-assemblies for Military Armoured Industrial and Military Painting

FRANCE

BERTIN SERVICES AEROSPACE

Aeronautical systems engineering, design and development of airborne electronic equipment, mechanical aeronautical systems, especially in the field of composites

FRANCE

AQUITAINE ELECTRONIQUE

Studies, design, fabrication, integration of electronic equipment

FRANCE

AQUITAINE VALO

Enhancement of the research sector (Bordeaux University)

FRANCE

ASSISTANCE AERONAUTIQUE ET AEROSPATIALE

All on-site aircraft or aircraft component work-packages, performed by AAA teams in customers' facilities in France and abroad or in AAA production units in Hautes-Pyrénées and in Paris Aera.

FRANCE

ATI ELECTRONIQUE

Manufacturing of connectors for industry, aeronautics, military and space.

FRANCE

BAMBOO FIBERS TECHNOLOGY

Conception de pièces techniques à base de fibres de bambous / Design technical parts from bamboo fibers

FRANCE

BCI AEROSPACE

Leading organizer of Business Conventions Industries

FRANCE

BONNANS

Surface treatment for aerospace industries

FRANCE

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

BORDEAUX TECHNOWEST

Support and export assistance to companies from
Bordeaux Technowest Association

FRANCE

BUSINESS OVERSEAS SARL

We are managing a network of suppliers in the following
areas: oxygen flame cutting, machining, mechanical,
welding, foundry, forging, treatment, coating, tooling, sub-
assembly, engineering / CAD / development
and we manage also the raw materials (steel, stainless
steel, galvanized, copper, aluminium, zamak, plastic,
titanium)

Our suppliers are located in emerging countries.

FRANCE

CAEPE

Equipment testing entity for the french national army

FRANCE

CEEI THÉOGONE

Aid the development of innovative projects

FRANCE

CLUSTEXPORT

Global offer in aeronautics systems from design upto
integration

FRANCE

COGIT COMPOSITES

specialized engineering in composite materials
multi-scale calculation (material-structure ...)
Liquid Composite Molding simulation (RTM-Infusion)
Permeability measurement

FRANCE

CRCI PICARDIE / AREX DE PICARDIE

Regional Agency for Export of Picardy

FRANCE

CREUZET AERONAUTIQUE

Metal Working

FRANCE

DAHER SOCATA

Aerostructure manufacturer

FRANCE

BUREAU VERITAS LABORATOIRES

Certification

FRANCE

C.A.N.O.E. (CONSORTIUM AQUITAIN ET MIDI- PYRÉNÉES EN NANOMATÉRIAUX)

French platform for technological innovation in
nanomaterials and organic electronics

FRANCE

CAROMAR

Fabrication of machined parts, fabrication of large-size
tools, 5-axis machining, NC machining in medium and large
production series, fine sheet metal work (aeronautic and
electricity)

FRANCE

CEFIVAL

Manufacturing of rolled welded rings, speciality profiles and
tubes / Fabrication d'anneaux roulés soudés et de profilé
spéciaux et tubes

FRANCE

CNES (CENTRE NATIONAL D'ÉTUDES SPATIALES)

The Centre National d'Etudes Spatiales (CNES) is the
government agency responsible for shaping and
implementing France's space policy in Europe.

FRANCE

COMAT

Design and development of equipments for ISS, satellites
and Mars ROVERS

FRANCE

CRED - IUT BORDEAUX 1

Management training sessions, project support,
coordination companies - laboratories.

FRANCE

CTIF (FONDERIE)

Foundry

FRANCE

DASSAULT AVIATION

Manufacturing of business jets and fighter aircrafts

FRANCE

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

DELEGATION GENERALE POUR L'ARMEMENT

Maintenance of military aeroengines

FRANCE

DGA/CEV/Cazaux

Embedded testing center

FRANCE

DIRECTION RÉGIONALE DU COMMERCE EXTÉRIEUR AQUITAINE

International consulting

FRANCE

EADS ASTRIUM SPACE TRANSPORTATION

European space transportation and orbital systems specialist, Astrium Space Transportation designs, develops and produces ARIANE launchers, the Columbus laboratory and the ATV cargo vessel for the International Space Station, atmospheric re-entry vehicles, missiles for France's nuclear deterrent force, propulsion systems and space equipment.

FRANCE

ECM

Aeronautical engineering - Design, modelling calculation : Structures, systems, commercial layout. Design and manufacture of test benches, manufacturing and assembly tools.

FRANCE

EPSILON COMPOSITE

For 20 years, EPSILON COMPOSITE has been the worldwide specialist for carbon fibre pultruded profiles. A new area opens up with the third decade. EPSILON COMPOSITE aims at becoming the alternative to traditional materials and solutions with two specialised activities : EPSILON PULTRUSION, worldwide specialist for carbon fibre pultruded profiles. EPSILON ROLLERS, division specialised in ready-to-mount technical rollers.

FRANCE

ESTIA INNOVATION

Training

FRANCE

DERICHEBOURG ATIS AERONAUTIQUE

Services

FRANCE

DIAMOUTILS SAS

Diamond and CBN tool manufacturer

FRANCE

DUQUEINE COMPOSITES

DUQUEINE is specialized in design and manufacture of composite parts and sub-assemblies.

FRANCE

EADS SOGERMA

Aerostructures Manufacturer

FRANCE

ELECTRONIQUE BOBINAGE AQUITAINE

Manufacturing of a large range of wired components for the electronics industry

FRANCE

EPSILON INGENIERIE

European Leader in Thermal Engineering !
15 years of experience
Number one choice for thermal expertise with the Space, the Aeronautic, the Embedded Systems.
Skills in thermomechanic, thermofluidic, electrothermo-mechanical coupling.
Total commitment in R&D : up to 30% of our sales turnover is spent in R&D each year.
Approved by the French National Research Agency (OSEO ANVAR), as a Research Company under Contract.
We have been working hard for many years to establish an electro-thermal design simulation software (REBECA-3D), we have got a greater know-how we put into coupling software

FRANCE

EURO INTER

Support to Aeronautical SMEs for the setting up of R&D proposals in European Cooperation (FP, Eureka/Eurostars)

FRANCE

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

EUROSATORY 2010 - COGES

Organiser of Eurosatory 2010, international terrestrial and aéroterrestrial defence and Homeland Defense trade fair

FRANCE

FLY-N-SENSE

Young Innovative Company, Fly-n-sense places the research and development at the heart of its business, coupled with the development of micro-UAVs. We design and sale multi-purpose micro-UAV systems, lightweight and compact, equipped with various payloads. We integrate versatile tailored airborne systems within existing aircraft (autopilot, video camera, chemical, acoustic and other sensors)

FRANCE

GDTECH FRANCE

Global Industrial Engineering Services

FRANCE

GROUPE INGELIANCE

Industrial Engineering

FRANCE

HALGAND SA

Precision machining Industrial sheet metal working Aluminium sheet working Aeronautical assembly

FRANCE

HELILEO SAS

HELILEO offers to its industrial customers (group or SME), or government entities a provision of consulting services in the field of radio navigation by satellite.

FRANCE

HUGUET GROUPE

Automation monitoring, special machines, robotics, machine tools, electrical installations, industrial maintenance

FRANCE

IFTS INSTITUT DE LA FILTRATION ET DES TECHNIQUES SEPARATIVES

IFTS is an independent, non-profit centre specializing in Filtration and Separation Science, Research and Testing.

FRANCE

EXAMECA

Contractor for aeronautical industry : design and manufacturing of sub-assemblies including sheetmetalwork, forming, welding, piping, machining, welded fabrication, assembly and integration. Prototypes and spare parts activity.

FRANCE

FRANCE ETUVES

Designs and manufactures a range of laboratory and industrial ovens, incubators and associated thermal products.

FRANCE

GECI SYSTEMES

Engineering for Aerospace and Freight Aircraft manufacturer

FRANCE

GROUPE SNPE MATERIAUX ENERGETIQUES

Energetic Materials for Aerospace Industry

FRANCE

HARTCHROM AERONAUTICS FRANCE

Metal treatment

FRANCE

HONEYWELL AEROSPACE - SECAN

Honeywell Aerospace delivers innovation in technology through advanced design and manufacturing processes, and global collaboration with industry, academia and government

FRANCE

ID MOS

The core competence is mixed signal IC design and manufacturing.

FRANCE

IN-LHC ZODIAC AIRCRAFT SYSTEMS

Aircrafts Hydraulic equipments manufacturer

FRANCE

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

IN-SNEC (ZODIAC AEROSPACE)

Flight test instrumentation - satellite communications - signal processing

FRANCE

INGENIERIE SERVICES DEVELOPPEMENT

Customer support studies and Design realisation

FRANCE

INSTITUT CARNOT MIB

Materials and systems Institute of Bordeaux.
MIB Carnot certification : customer satisfaction by a high quality industry/research partnership management and a large competency network materials/systems spectrum.

FRANCE

INSTITUT DE SOUDURE

Inspection, non destructive testing
Education and training
Industrial Research and Development
Sécurité and environment
Laser welding
Friction Stir Welding
Fatigue tests on very large structures

FRANCE

INTESENS

Solutions of Health and Usage Monitoring systems (HUMS) for embedded diagnostics

FRANCE

KEONYS

Is the worldwide PLM leader and software innovator

FRANCE

LE CABLAGE FRANCAIS

Wiring and electrical and electronic equipment

FRANCE

LGM²B : LABORATOIRE DE MÉCANIQUE ET MATÉRIAUX DE BORDEAUX

Test laboratory

FRANCE

LIEBHERR AEROSPACE TOULOUSE SAS

Air Management System

FRANCE

INDUSTRIA

Electro-hydraulic equipment for aeronautics

FRANCE

INNOVALIS AQUITAINE

Aquitaine Regional agency for innovation

FRANCE

INSTITUT DE MAINTENANCE AERONAUTIQUE

Aerospace Engineering and Maintenance

FRANCE

INTERTECHNIQUE GROUPE ZODIAC

Flight test instrumentation - satellite communications - signal processing

FRANCE

INTESPACE

Environment tests for space, aeronautics.

FRANCE

LATECIS

Design and calculation of mechanical assemblies
Design and development of manufacturing, assembly, inspection and transport tools.
Design of aircraft structure and equipment parts.

FRANCE

LEMO FRANCE

Design and manufacture of precision custom connection solutions

FRANCE

LH AVIATION

The LH-10 Ellipse kit airplane

FRANCE

LLUIS

Precision mechanics

FRANCE

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

LMP TRANSFERT

CND

FRANCE

LOVELLS

International law firm

FRANCE

MATRA ELECTRONIQUE

Matra Electronique designs and produces equipment capable of resisting the harshest environments.

FRANCE

MECANIQUE AERONAUTIQUE PYRENEENNE

Production of aeronautical and space assemblies and subassemblies

FRANCE

MESSIER DOWTY SA

Brake systems for Aircrafts

FRANCE

NEXTER ELECTRONICS

Engineering and maintenance in operational condition.

FRANCE

NOGAROPÔLE

Test laboratory

FRANCE

OVIV SECURITY TECHNOLOGIES

OVIV security technologies designs and manufactures state of the art video security systems

FRANCE

POLE POLYMERE SUD

Support for enterprises acting in plastics, composites, polymer materials

FRANCE

LMS FRANCE

Engineering innovation partner for companies in the automotive, aerospace and other advanced manufacturing industries

FRANCE

MAGELLAN NAVIGATION S.A.

GPS Positioning Solutions - Radio Navigation

FRANCE

MECAHERS SA

Aeronautical subcontracting

FRANCE

MENTOR GRAPHICS

Software publisher for electrical and electronic applications, Mentor Graphics®, one of the leaders in the EDA (Electronic Design Automation) market, makes a wide range of advanced design tools available to the aeronautical industry, allowing ever more complex challenges related to design, integration and checking of platforms on this market to be tackled. The solutions offered cover all stages related to increasing design complexity, both high level system design, software development, multi-technology simulation and all phases in the development of electrical harnesses, from design through to manufacturing.

FRANCE

MONIN MECANIQUE

Sub-contract machining of precision mechanical parts in small and medium production

FRANCE

NIEF PLASTIC GROUP

Transformation of plastics by machining, injection, thermoforming and boilermaking.

FRANCE

OMEGA DMS

Besides composite materials, the company cuts various materials additional: nest of bee, elastomer, foam, film of glue...

FRANCE

PANHARD

A full range of wheeled vehicules for Support, Safety and contact combat.

FRANCE

POTTEZ AÉRONAUTIQUE SA

Aerostructures

FRANCE

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

PROTEAUX ET COMPAGNIE

Machining and cutting

FRANCE

RESCOLL

Independent technology center specialized in material development

FRANCE

SABENA TECHNICS

Maintenance for Aircrafts

FRANCE

SAFT

Manufacturing of electrical accumulator batteries for industrial applications (rail, aviation, stationery, telecom and electric vehicle)

FRANCE

SAGEM DEFENSE SECURITE

Electronics and avionics

FRANCE

SAT

Industrial ovens & furnaces, industrial tunnels & dryers, heat treatment furnaces for light alloys and composites.

FRANCE

SEGNERE.SA

General precision machining, fine sheetmetal work, assembly

FRANCE

SERMA INGENIERIE

Embedded and industrial electronic systems

FRANCE

PTAU

Advanced Machining Techniques

FRANCE

ROXEL GROUP

Propulsion - Missiles and vehicles engines - / Propulsion, missiles et moteurs

FRANCE

SAFRAN

Engine Manufacturer

FRANCE

SAGEM COMMUNICATION

FRANCE

SAINT GOBAIN SULLY

Aeronautical : Manufacturing and aircraft cockpit glass (commercial, regional, military) and manufacturing of windows. Rail : manufacturing of train front glazing (metro tramways, medium and high speed)

FRANCE

SECTEUR PRODUCTIQUE

Consulting Firm:

Diagnosis-Engineering-Materials processing and Assembly
Lean Manufacturing - Flow optimization
Master plans and associated schematics
Logistics and Supply chain machined organization - Molded mechanical parts
Sheet metal parts - Composite parts -
Assembly and sub-assemblies engineering

FRANCE

SENSOREX

SENSOREX manufactures and commercializes LVDT displacement sensors, inclinometers, accelerometers, inertial systems, conditioning units for sensors (displacement, force, pressure, temperature).

FRANCE

SERMA TECHNOLOGIES

SERMA TECHNOLOGIES is a technology consulting and engineering company specialised in analysis, control, expertise and consulting service of electronic components, boards and systems. We assist our customers at each level of the industrial cycle by providing support on various issues such as development, reliability, security of their products.

FRANCE

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

SERTA AEROSPACE & DEFENCE

Mechanics and metal working. Repair of structures and frames / Mécanique et travail des métaux. Réparation de structures

FRANCE

SEVAL

FRANCE

SNECMA PROPULSION SOLIDE

Manufacturing of space engines, composite components / Fabricant de moteurs spatiaux, composants en composite

FRANCE

SNP2I

Surface treatment

FRANCE

SOCIETE DE GALVANOPLASTIE INDUSTRIELLE

Surface treatments applicable to titanium and aluminium alloys

FRANCE

SOFIMAG

SOFIMAG is specialized in:

- Design and manufacture of precision cutting tools
CARBIDE-HSS-PCD intended for the machining of various materials.

- Sharpening and rebuilding of cutting tools.

FRANCE

SOMOCAP

Production of plastics, composites materials

FRANCE

SOTIP

Precision Industrial Fine Sheet Metal Working company

FRANCE

STÉ POTEZ AÉRONAUTIQUE SA

Aerostructure assemblies & sub assemblies

FRANCE

SERVICE INDUSTRIEL DE L'AERONAUTIQUE (ARMÉE DE L'AIR)

Maintenance of military aeroengines

FRANCE

SLICOM INTERNATIONAL

Study, engineering - Production - Manufacturing and procurement in low cost countries - Special processes
Integration

Maintenance

FRANCE

SNECMA SERVICES

Overhaul

FRANCE

SNPE MATÉRIAUX ENERGÉTIQUES

Designing, development and production of propulsion loads and energy equipment for defense and aerospace, space and automotive, powder and explosives for military and strategic raw energy associated with these applications. His expertise in energetic materials, unique in Europe, based on its research center and its expertise in safety and environment.

FRANCE

SOCIÉTÉ DES CÉRAMIQUES TECHNIQUES

Ceramics metal assemblies

FRANCE

SOFOP SA

Precision mechanics / Mécanique de précision

FRANCE

SONOMEC INDUSTRIE - GROUPE DROSTEN

AEROTECH

Precision mechanics

FRANCE

SPI AERO

Surface Treatment

FRANCE

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

STRUCTIL GROUPE SNPE

STRUCTIL, a GROUPE SNPE subsidiary created on the 1st January 1985, supplies to the high performance composites industry, the intermediate products required for the realisation of structural parts in Aerospace, Defence and Sports industries.

FRANCE

STUDELEC SAS

Office of Industrial Engineering,
Expert in designing solutions

FRANCE

SWISS BUSINESS HUB FRANCE

Swiss Business Hub Franc is a public organization in charge of Swiss and Liechtenstein SME guidance looking for trade partners on the French territory. Consultancy to companies, business development, business connection between Swiss and French companies and promotion of the Swiss economic market place. Swiss Business Hub France is member of "Business Network Switzerland" and the official representative of OSEC in France, Swiss institution for Trade and Investment Promotion.

FRANCE

TESTEUROP

Electrical and functional testing through switching matrix
DESIGNER AND MANUFACTURER

FRANCE

THALES AIRBORNE SYSTEMS

Defense Products

FRANCE

R & D in CND, thermal materials characterization

FRANCE

LISTE PROVISOIRE DES PARTICIPANTS

TEMPORARY LIST OF PARTICIPANTS

TRANSFORM, CELLULE DE TRANSFERT - CENTRE DE RECHERCHE PAUL PASCA

The Centre de Recherche Paul Pascal (CRPP) is a Physical chemistry laboratory. Composed of 120 scientists, researchers (experimentalists and theoreticians), engineers and technicians, the Centre is dedicated to the study of "soft matter".

These complex systems are some intermediate states of matters between solids (well ordered systems – crystals) and liquids (disorganized systems). These are some partially ordered fluids. It concerns problems dealing with colloids, surfactants, polymers, liquid crystals, organizations like suspensions, emulsions, microemulsions, foams, gels, granular pastes...

FRANCE

VENTANA AEROSPACE

Aluminium and magnesium casting (sand and investment casting); Precision machining; Assembly of complex modules; NC measuring

FRANCE

MAG INDUSTRIAL AUTOMATION SYSTEMS

Industrial Automation systems

GERMANY

PRO-BEAM AG & CO. KGAA

Electron beam welding, hardening, drilling machine design and construction uniform magnetic heating systems

GERMANY

ITDH - DELEGATION COMMERCIALE DE HONGRIE

International Trade and Development Agency

HUNGARY

AVIO SPA

Aerospace Propulsion

ITALY

C.M.S. S.P.A

Mechanical and electromechanical construction, design, engineering, production, assembly, final testing of mechanical units, modules, equipment, automatic industrial machines, turnkey products.

ITALY

IRCA SPA - RICA DIVISION

Heating resistance for aerospace industry

ITALY

UPETEC

Self-adaptive software design and development. We propose to take over the whole development process of software solutions from early requirements to integration. Our products are designed to precisely fit the requirements either it consists of an entire system or specific modules to integrate into existing infrastructures. Based upon agile principles, our development process enables us to quickly provide experimental prototypes to investigate the feasibility of the most innovative projects.

FRANCE

FORMTECH GMBH

Development and certification of forming and manufacturing processes related to aerospace materials

GERMANY

P3 INGENIEURS

Telecommunication, manufacturing, energy and other industries.

GERMANY

GRAVITA'S 2000 KFT

Production of machine elements, tools, fixtures and special machinery design and manufacturing for the aerospace sector

HUNGARY
